Reference Bryanston proposed development.
Whilst we are not adverse to the building of new properties in the village, we feel that the housing built should be affordable for young local people. The proposed builds are not. Lack of housing is as much of a problem for young people living rurally as it is in an urban environment. In our community there should be a diverse mix, comprising age, income and ethnicity. Ideally more social housing should be a priority. Will the proposed build provide work for local people.
